ANNUAL NETWORKING EVENTS

AMCO holds two major events each year hosted by our airport and aerodrome members giving them the opportunity to showcase their regions.

The Annual Spring Airfield Workshop is a time to network, collaborate, and learn from each other's collective experiences.

The Workshop features sessions provided by peers and industry leaders as well as round table discussions and the opportunity to connect with like-minded individuals.

Bringing together delegates from around the province this is an excellent opportunity to come and learn from your peers within the industry.

The professional development and camaraderie are second to none.

"The convention and workshops provide a great opportunity to not only learn from presenters and discussions, but to network with other airport personnel to gain more knowledge of how different situations are dealt with at other airports. Overall being a part of AMCO and participating in AMCO events and training is a great benefit to our organization."

Terry Bos, AAE, BBA
President & CEO
SSMAD C
